

» MR2Q Electric Motorised Trolley

Hoists

Standard features include:

- Side rollers with in-built bearings provide smooth running through the minimum radius curve and excellent traversing performance with derailment prevention.
- Simple gear box construction.
- Improved balance due to a lighter weight geared motor.
- Speed variations.
- No load, high speed feature.
- Dual Speed, standard and wide beam flange width.

- **Applications:** Mining, construction, engineering and manufacturing.

Capacity	Part No.	Model	Traverse Speed M / Min	Beam Range (mm)	Min Radius Mtr
125 kg	47162	MR2Q001IS	24 / 4	58 - 153	0.8
250 kg	47163	MR2Q003IS	24 / 4	58 - 153	0.8
500 kg	47164	MR2Q005IS	24 / 4	58 - 153	0.8
1000 kg	47160	MR2Q010IS	24 / 4	58 - 153	0.8
125 kg	47167	MR2Q001IS	24 / 4	154 - 305	0.8
250 kg	47168	MR2Q003IS	24 / 4	154 - 305	0.8
500 kg	47170	MR2Q005IS	24 / 4	154 - 305	0.8
1000 kg	47165	MR2Q010IS	24 / 4	154 - 305	0.8
